

CCPY

26 March 1954

MEMORANDUM FOR: DD/P-Admin.

STATINTL

SUBJECT : Classification of [REDACTED] as an Emergency Area.

STATINTL

REFERENCE : Memorandum from Chief, WE [REDACTED] to DD/P-Admin. dated 24 March 1954, subject: Storage of Household Effects.

STATINTL

1. You have asked for our comments on the reference before making the ruling therein requested. The classification of [REDACTED] as an emergency area was made pursuant to Paragraph 12c of [REDACTED] which reads as follows:

"Areas currently designated as emergency are the countries of all areas excepting the Western Hemisphere and Western Europe areas."

STATINTL

[REDACTED] was apparently so classified because until 1 March 1954 it was under the jurisdictional command of SE Division. However, effective as of that date, we understand this post was transferred to the jurisdiction of WE Division.
